### The Anatomy Coloring Book by Wynn Kapit - goodreads.com

This book saved my ass in Anatomy while doing my nursing pre reqs. The diagrams in class and the models with little flags couldn't hold a candle to the efficacy of coloring the different parts and committing it to memory.

### Chapter One: Introduction

book uses the organ system approach in which individual organs (such as bones) are grouped into the larger organ system (for example, the skeletal system). Typically eleven organsystems are described. The skeletal system consists of all of the bones of the body. Examples are the femur and the humerus. The nervous system consists of the nerves, spinal cord, and brain while the lymphatic system consists
