The Canon SX50 HS wasn't an easy camera to review since it's not unusual for any consumer-oriented technological product to become obsolete after a few years has passed since its release and it starts to show its age in more than a few aspects. The same can be said about this camera, but not to an extent we expected from a product that was released more than 4 years ago. While it does lack

Canon PowerShot SX50 HS Review - Digital Photography Review

As you may have noticed, the 'Megapixel Wars' have calmed down a bit in recent years. That doesn't mean that camera manufacturers haven't found something else to drive up to absurd levels. In the case of 'big zoom' cameras that thing is, of course, how powerful the lens is. Remember a few years ago, when 12X lenses were considered a lot? Since
