It is a great pleasure to present this book, edited by a distinguished team at the Hong Kong Institute of Education and with excellent contributors from nine countries in the region and beyond. The book is a truly comparative work which significantly advances conceptual understanding. The

Citizenship Education in Asia and the Pacific: Concepts ...

This book is a landmark in citizenship and citizenship education discourse. It combines conceptual debates with case studies on the question whether the notion of Asian Citizenship can be established, and if yes, what its research agenda would be. The book contains polemic discussion, empirical data analysis, consultancy reflections, and descriptions of citizenship education in Asian and
