Highlights We discuss language beliefs held by teachers and students of English in China. We examine the status of English, the learners' expectations of English and the focus of English teaching and learning in China using both questionnaire and interview data. It is a prevalent belief that English is an international and global language.

Increasingly, the long-term future of English as a global language probably lies in the hands of Asia, and especially the huge populations of India and China. Having said that, though, there may now be a critical mass of English speakers throughout the world which may make its continued growth impossible to stop or even slow. There are no
