Environmental Policy in Search of New Instruments ...

Environmental policy is undergoing a dramatic transformation. The problems connected with global change, the need for preventative action, and the growing importance of non-source pollution call for new courses of action and new institutional arrangements. In this situation, it is fairly obvious that both the traditional command and control policy instruments and the more modern financial and economic instruments are increasingly under stress.

Environmental policy in search of new instruments, see more details and the search for new instruments' Dente (pp.1-20), presents the challenges posed by the globalization of the environmental issue, challenges caused by the need to legitimize environmental policy in terms of results.

Environmental Policy in Search of New Instruments - kobo.com

Environmental policy is undergoing a dramatic transformation. The problems connected with global change, the need for preventative action, and the growing importance of non-source pollution call for new courses of action and new institutional arrangements.

New Environmental Policy Instruments in Germany policy content in the environmental field. This is followed by an assessment of market-based instruments and voluntary agreements (VAs). The use of 'new' environmental policy tools is then compared to more traditional policy instruments in Germany. The final part aims to shed some light on why and how the current national
