[Politics of Europe - Wikipedia](#)

The politics of Europe deals with the continually evolving politics within the continent of Europe. It is a topic far more detailed than other continents due to a number of factors including the long history of nation states in the region as well as the modern day trend towards increased political unity amongst the European states.

Politics of the European Union - Wikipedia

The politics of the European Union are different from other organisations and states due to the unique nature of the European Union (EU). The EU is similar to a confederation, where many policy areas are federalised into common institutions capable of making law; however the EU does not, unlike most states, control foreign policy, defence
