[Growing Vegetables West of the Cascades: The Complete ...](#)

Gardening west of the Cascades is very different. Our winters are mild and rainy, and our summer days are rarely hot; even our midsummer nights are usually too cool for short-sleeved shirts. We also have a perverse pattern of rainfall. We get a lot of moisture in winter when our gardens don't need it, but it rains little or not at all in summer when they do. If we adjust to our climate, we
