Henry Hudson - Facts, Routes & Discoveries - Biography

While many places bear his name, Henry Hudson remains an elusive figure. There is little information available about the famous explorer's life prior to his first journey as a ship's commander in

Henry Hudson | Biography & Facts | Britannica.com
Henry Hudson, (born c. 1565, England died after June 22, 1611, in or near Hudson Bay?), English navigator and explorer who, sailing three times for the English (1607, 1608, 1610-11) and once for the Dutch (1609), tried to discover a short route from Europe to Asia through the Arctic Ocean, in both the Old World and the New.

Henry Hudson | The Canadian Encyclopedia

Henry Hudson (with his son John) made his first known voyage in 1607 in the Hopewell, with a crew of 12. The voyage was associated with Sir Thomas Smythe, a leading figure in the East India Company. It was an attempt to find a passage through the Arctic, over the North Pole, to Asia. At the time, Hudson and others thought that the long summer days of the high Arctic might create an ice-free **Biography HUDSON, HENRY** Volume I (1000-1700 ... HUDSON, HENRY, English navigator and discoverer, and, in a sense, a founding father of both New York City and the Hudson's Bay Company; fl. 1607-11. The antecedents and early life of Hudson are obscure. He first appears in 1607 already in middle life and of international reputation. In that year he was employed by the English Muscovy Company to seek a short route to China by way of the

Henry Hudson Facts - Softschools.com

Henry Hudson was an English explorer and captain who lived from 1565 to 1611. He had attempted to find a northern route from Europe to Asia, and although he did not find one, he did explore three waterways in North America that were named after him including the Hudson Strait, Hudson Bay and the Hudson River.

Henry Hudson - Ages of Exploration

Introduction Henry Hudson made four voyages in search of a water route to the Far East. His first two voyages were through Arctic waters and proved to be unsuccessful due to ice.

Explorers for Kids: Henry Hudson - Ducksters

Where did Henry Hudson grow up? Historians know very little of Henry Hudson's youth. He was probably born in or near the city of London sometime between 1560 and 1570. It is likely that his family was wealthy and that his grandfather founded a trading company called the

Muscovy Company. At some

Henry Hudson: 9781400741434: Amazon.com: Books

Author Corey Sandler warned readers in the outset that there was little documented information on Henry Hudson, his voyages and his fate. He was right—had he stuck to the strict order of business, the book would have been fifty pages, not a burdensome 400+.

Henry Hudson - Wikipedia

Henry Hudson (c. 1565–1611) was an English sea explorer and navigator during the early 17th century, best known for his explorations of present-day Canada and parts of the northeastern United States.
