Intellectual property and competition | European Commission

Competition policy and intellectual property policy must work hand in glove in order to promote economic growth while ensuring consumers gain access to a wide range of innovative and creative goods and services at reasonable prices. If competition policy is required to play a role to make sure that these aims are fulfilled, I will not shirk in my determination to act.

How To Protect Your Intellectual Property The Right Way

Each of these types of intellectual property requires different procedures to protect them from unfair competition and copycats, which is why it is important to consult a professional. You or your

IP and Competition Policy - wipo.int

Intellectual property (IP) allows consumers to make choices between competing entrepreneurs, and the goods and services they sell. Therefore, IP is inherently pro-competitive as it ensures the protection of differentiated,

intangible business assets.

### **COMPETITION POLICY AND INTELLECTUAL PROPERTY RIGHTS - OECD.org**

### **Intellectual property | Internal Market, Industry ...**

Intellectual property rights (IPR) protect a firm's intangible assets, allowing enterprises to profit from their creative and broadly innovative activities. Intangible assets account for more than half the value of companies and their importance is growing. In a world where EU companies compete more on innovation, creativity and quality than on price, intellectual property is a powerful tool.
