Introductory Nuclear Physics: Kenneth S. Krane ...  
Just finished a nuclear physics course where we used Krane and got to chapter 11. Overall it is a very good book and detailed. My biggest problem was with answering some of the questions because often for the rate that the course was going, I would spend too much time trying to determine what the question was asking or wanting.

Modern Physics Textbook - reddit

modern physics by krane is a pretty good textbook as a supplement. Not as mathematical as some other modern textbooks, but useful in concepts. As a student, this was my favorite class and that was my favorite textbook.
