Learning search control knowledge: An explanation-based ...

Summary. Learning Search Control Knowledge is a well-written and thorough discussion of both the nature of explanation-based learning and its application to problem-solving.

Learning search control knowledge: An explanation-based ...

Learning Search Control Knowledge is a detailed examination of the learning component of the PRODIGY problem-solving system. PRODIGY uses Explanation-Based Learning (EBL) to distill effective search-control knowledge from experience. This work significantly extends the application of EBL methods; moreover, its methodology and coverage make it an excellent example of empirical research. Several
