Mathematics Education as a Research Domain: A Search for ...

This book is devoted to the pseudo-problem of delineating what constitutes "research" in mathematics education. This enterprise is largely fuelled and dictated by the mathematics education community's vainly fancying themselves to be doing "science."

Mathematics Education as a Research Domain: A Search for ...

Theories of sociology of education look at the general laws of curriculum development, the specifics of pedagogic discourse as opposed to scientific discourse in general, the different possible pedagogic relations between the teacher and the taught, and other general problems in the inter face between education and society. Mathematics, aside from its theoretical contents, can be looked
