Michael Tellingner is a scientist, explorer and internationally acclaimed author of numerous books, who has become an authority on the vanished civilisations of southern Africa and the origins of humankind. [Slave Species of the Gods: The Secret History of the ...](#)

Michael Tellingher's groundbreaking work presents evidence that challenges all the conventional major assumptions about human origins and history. Emerging into our true power and significance cannot happen until we realize we are not the pinnacle of God's creation, not even among the creatures of this Earth.
