Nutritional Improvement of Food Proteins by Means of the ...

Abstract. The paper reviews recent studies in the application of the plastein reaction for the improvement of amino acid compositions of food proteins; it describes in a large measure the specific incorporation of amino acid esters into protein hydrolysate during the plastein reaction with papain.

Nutritionally Improved Agricultural Crops

NUTRITION VERSUS FUNCTIONALITY. At a fundamental level, food is viewed as a source of nutrition to meet daily requirements at a minimum in order to survive but with an ever greater focus on the desire to thrive.

Improving Diets and Nutrition: Food-based Approaches

Improving Diets and Nutrition Food-based Approaches
Michael Latham, who died on 1 April 2011 aged 82, was one of the founders of the field of international nutrition that deals with the nutrition problems of low-income countries. Born and raised in Tanganyika of British parents his father was a colonial doctor in the 1920s and 1930s he obtained a medical degree from Trinity College

The global food enzymes market is expected to grow at a compound annual growth rate (CAGR) of more than 7% by 2020, with dedicated usage in the food and feed industries, which includes dairy, beverages, brewing, dietary supplements, etc. (Berka and Cherry, 2006; Ogawa and Shimizu, 2002). Other than the food industry, enzymes are also used in industries such as leather, pulp, detergent
