Is the archaeology of gender necessarily a feminist ...
Is the archaeology of gender necessarily a feminist archaeology? Introduction Existing theoretical frameworks are conceptually and methodologically sophisticated enough to handle engendered inquiries, rendering a feminist-based framework with new methodologies redundant (Wylie 1991, Hill 1998). Attempts to date to work outside of mainstream archaeological practices have accumulated in flawed

Archaeology and the Study of Gender Created Date: 20160809023331Z

Archaeology | Faculty of Arts & Science Calendar

The Archaeology Program focuses on the study of past human societies primarily through their material remains, or material culture. Archaeologists explore the nature of and changes in past cultures around the world through survey, excavation and analyses of stone tools, pottery, bones, plant remains, architecture and other cultural residues.
