which are not recyclable and often end up littering the planet and the oceans.

Last straw - definition of last straw by The Free Dictionary

last straw n. The last of a series of annoyances or disappointments that leads one to a final loss of patience, temper, trust, or hope. [From the proverb "It's the last straw that breaks the camel's back".] last straw n the last straw the final irritation or problem that stretches one's endurance or patience beyond the limit [from the proverb

Straw that broke the camel's back - Wikipedia

The idiom "the straw that broke the camel's back", alluding to the proverb "it is the last straw that breaks the camel's back", describes the seemingly minor or routine action that causes an unpredictably large and sudden reaction, because of the cumulative effect of small actions.
